

LNG 107 Academic Reading and Writing 3(3-0-6)

Prerequisite: LNG 106 Academic Listening and Speaking or at least 76% of the test score (university admission test)

The course aims at developing academic reading and writing skills necessary for learners in international programs. The teaching and learning styles involve an integration of English into learners' content areas to enable them to read academic articles in their chosen fields. Learners will be able to extract main points from the text, purposefully select required information to support their writing, write different forms of reports in their fields, use information obtained from reading and their own experiment in writing an essay, and effectively use references and citations throughout the writing process.
